# Supplementary Material for Normalization-Equivariant Neural Networks with Application to Image Denoising

---

Sébastien Herbreteau

Emmanuel Moebel

Charles Kervrann

Centre Inria de l'Université de Rennes, France

{sebastien.herbreteau, emmanuel.moebel, charles.kervrann}@inria.fr

All our implementations are written in Python and are based on the PyTorch library [1]. The code and pre-trained models can be downloaded here: [https://github.com/sherbret/normalization\\_equivariant\\_nn/](https://github.com/sherbret/normalization_equivariant_nn/).
